Sikh Research Institute's launches its 2009 End-of-Year fundraising drive "Empowering Sikhs" and we are asking for your support today!

For seven years we have been building an institution intent on helping Sikhs everywhere to live Guru-Centered lives. We need your help to achieve this fundraiser's goal of **\$100,000** !

As we assess the challenges that face our communities—[misinformation about Sikhi](#), [lack of systematic Gurmat-based resources](#), [biased approaches on issues affecting the Panth](#)—we are dedicated to confronting these issues with powerful solutions. To continue to do so, we need your commitment.

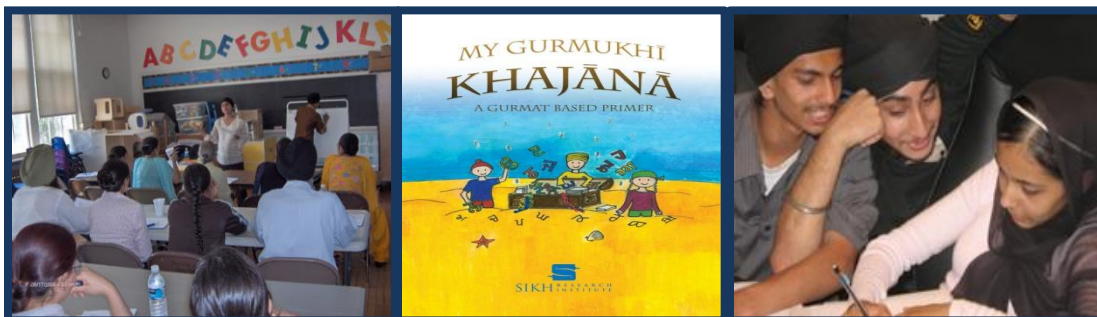

## Empowerment Through Education

We have designed programs and community building events that are appropriate for all ages and stages of life. We pledge to keep bringing YOU the programs that **focus on solutions to the challenges** facing our community. Support us in **reinvigorating the passion and power** of Sikhi in everyday life!

SikhRI facilitates growth of Sikhs across the world, travelling across the **US, Canada and the UK** on a regular basis.
